

## **JOB POSTING – 2011.11 HEAVY DUTY MECHANIC**

As an aggressive Canadian energy company, Trilogy actively acquires, develops, produces and sells natural gas, crude oil and natural gas liquids. Trilogy's geographically concentrated assets are primarily low-risk, high working interest, liquids-rich, lower-decline properties that provide abundant infill drilling opportunities and good access to infrastructure and processing facilities, many of which are operated and controlled by Trilogy. Trilogy's common shares are listed on the Toronto Stock Exchange under the symbol "TET".

### **Duties & Responsibilities**

Candidate will be required to work with the following types of equipment:

- all types of natural gas engines up to 3600 horse power
- all types and makes of gas compressors
- all types of pumps and air compressors

Other attributes required to be successful in this role:

- self-starter
- good at trouble shooting
- able to read and understand maintenance manuals.

### **Minimum Qualifications:**

- Journeyman/Fourth Year Apprentice Millwright/Mechanic
- Strong computer skills
- Pumpjack experience would be a definite asset

The successful candidate will be required to reside at Fox Creek, Alberta.

Investigate all that Trilogy has to offer. Submit your resume in confidence by November 15, 2011 to:
